

MEMBERSHIP REPORT
REA-I State Membership Report
April 12, 2020-2021

1. Sadly, we do not have much to report for the past year. This was a year that we will never forget.
2. Membership has been put on the back burner. Hopefully, this year which begins July 1, 2021, we will see a reopening of our state and REA-I'S membership rolls.
3. Our members have made no comments or concerns about membership. We are all in the same situation. Membership forms have been sent out to Unit Presidents. We are waiting to have our first in person meeting in over a year. Forms will be given out to our members, who wish to receive them, to pass on to potential members. We hope all units are doing the same with their membership forms.
4. In May, we plan on contacting the membership leaders and check on what they have done to gain new members.
